Dear Medicaid Provider Applicant:

Thank you for applying for certification with the Wisconsin Medicaid program. Once you are a Medicaid provider, you will play a significant part in improving the health of low-income people in your community.

Enclosed are the certification materials you requested. Please review these materials carefully. These materials must be completed and processed before you may become a certified provider for the Wisconsin Medicaid program and begin receiving payments.

Upon certification as a Wisconsin Medicaid provider, you will receive the All Provider Handbook containing general instructions for all providers. In addition, you will also receive publications relating to the specific services you will be providing. These publications will identify the services covered by the Medicaid program and will describe Medicaid billing procedures. After reading those materials, if you have additional questions, we encourage you to use provider services. These services include both telephone and on-site assistance. If you are interested in using these services, please contact the Provider Services Unit addresses and telephone numbers listed in the All Provider Handbook.

We realize that all providers appreciate prompt payments, so we encourage providers with computers to submit claims electronically. This method reduces clerical errors and decreases turn around time. If you are interested in electronic submission of claims and would like more information, including the free software, please contact (608) 221-4746. Information is included in your certification materials regarding electronic submission of claims.

Thank you, again, for your interest in becoming a certified Wisconsin Medicaid provider and for the important services that you will provide to Medicaid recipients. If you have any questions about enclosed materials, please contact the Wisconsin Medicaid Correspondence Unit at (608) 221-9883 or toll-free at 1-800-947-9627.

Sincerely,

A handwritten signature in cursive script, reading 'Peggy B. Handrich'.

Certification Effective Date

Wisconsin Medicaid regulations are followed when assigning your initial effective date as described here:

1. The date you notify Wisconsin Medicaid of your intent to provide services is the earliest effective date possible and will be your initial effective date **if**:
 - You meet all applicable licensure, certification, authorization, or other credential requirements as a prerequisite for Medicaid on the date of notification. Do not hold your application for pending licensure, Medicare, or other required certification. Wisconsin Medicaid will keep your original application on file. Send Wisconsin Medicaid proof of eligibility documents immediately once available for continued processing.
 - Wisconsin Medicaid receives your **properly completed certification** application within 30 days of the date the application was mailed to you.
2. If Wisconsin Medicaid receives your application more than 30 days after it was mailed to you, your initial effective date will be the date Wisconsin Medicaid receives your correctly completed application.
3. If Wisconsin Medicaid receives your incomplete or unclear application within the 30-day deadline, you will be granted one 30-day extension. Wisconsin Medicaid must receive your response to Wisconsin Medicaid's request for additional information within 30 days from the date on the letter requesting the missing information or item(s). This extension may allow you additional time to obtain proof of eligibility (such as license verifications, transcripts, other certification, etc.)

4. If you don't send complete information within the original 30-day deadline or 30-day extension, your initial effective date will be based on the date Wisconsin Medicaid receives your complete and accurate application materials.

Notification of Certification Decision

Within 60 days after Wisconsin Medicaid receives your completed application, you will be notified of the status of your certification. If Wisconsin Medicaid needs to verify your licensure or credentials, it may take longer. You will be notified as soon as Wisconsin Medicaid completes the verification process.

If you are certified to provide Medicaid services, you will receive written notice of your approval, including your Wisconsin Medicaid provider number and certification effective date.

Notification of Changes

Your certification in Wisconsin Medicaid is maintained only if your certification information on file at Wisconsin Medicaid is current. You must inform Wisconsin Medicaid in advance of any changes such as licensure, certification, group affiliation, corporate name, ownership, and physical or payee address. **Send your written notice to Wisconsin Medicaid Provider Maintenance** This notice must state when these changes take effect. Include your provider number(s) and signature. Do not write your notice or change on claims or prior authorization requests.

Failure to notify Wisconsin Medicaid of these types of changes may result in:

- Incorrect reimbursement.
- Misdirected payment.
- Claim denial.
- Suspension of payments in the event provider mail is returned to Wisconsin Medicaid for lack of current address.

Provider Agreement Form

Your agreement to provide Medicaid services must be signed by you and the Wisconsin Department of Health and Family Services. This agreement states that both parties agree to abide by Wisconsin Medicaid's rules and regulations.

The agreement is valid for a maximum of one year. All Provider Agreements expire annually on March 31. The Department of Health and Family Services may renew or extend the Provider Agreement at that time.

You cannot transfer, assign, or change the Provider Agreement.

The application includes two copies of the Provider Agreement. Complete, sign, and return both copies. Type or clearly print your name as the applicant's name both on the line on page 1 and on the appropriate line on the last page of the agreement. You must use the same provider name on the application forms and Provider Agreement. When the certification process is complete, you will receive one copy of your processed and signed Provider Agreement. The other copy will be kept in your Wisconsin Medicaid file.

Terms of Reimbursement (TOR)

The TOR explains current reimbursement methodologies applicable to your particular provider type. It is referenced by, and incorporated within, the provider agreement. Keep the TOR for your files.

Certification Requirements

The Wisconsin Administrative Code contains requirements that providers must meet in order to be certified for Wisconsin Medicaid. The code and any special certification materials applicable to your provider type are included as certification requirements.

Publications

Along with your notice, Wisconsin Medicaid will send one copy of all applicable provider publications. The publications include program policies, procedures, and resources you can contact if you have questions.

Many clinics and groups have requested to receive only a few copies of each publication, rather than a personal copy for each Medicaid-certified individual provider in the clinic or group. If you are an individual provider who is a member of a Medicaid-certified clinic or group, you may reassign your copy to your clinic or group office. Please decide if you wish to receive your personal copy of Medicaid publications or if it is sufficient for your Medicaid-certified clinic or group office to receive copies.

If you do not wish to receive personal copies of Medicaid publications, please complete the attached “Deletion from Publications Mailing List Form.” If you wish to have your copy of publications reassigned to your clinic or group, also complete the “Additional Publications Request Form.”

PHYSICIAN CERTIFICATION CRITERIA

Per Section HFS 105.05(1), of the Wisconsin Administrative Code:

“(1) PHYSICIANS. For Medicaid certification, physicians shall be licensed to practice medicine and surgery pursuant to ss. 448.05 and 448.07, statutes and chapters Med. 1, 2, 3, 4, 5, and 14.”

Information on licensure can be obtained from the Wisconsin Medical Examining Board.

Physicians who are granted border status are exempt from the licensure requirement with the Wisconsin Medical Examining Board, but must be licensed by the appropriate agency in the state in which they practice. Section 105.48, Wisconsin Administrative Code, explains which providers may be granted border status.

Physicians with locum tenens or other temporary licenses/registrations are eligible for certification; however, certification will be cancelled on the termination date of the license unless the physician submits proof of extended licensure or regular registration to the Wisconsin Medicaid program prior to the date.

Current registration must be verified prior to your certification. You can expedite this process by enclosing a copy of your current registration and by listing your date of birth and your social security number on the provider application.

MENTAL HEALTH SERVICES: If you are requesting certification to provide mental health services, you must submit proof that you have completed psychiatric residency in order to receive the necessary psychiatric specialty. If you complete your residency at a later date, you will not be eligible to provide mental health services for Medicaid reimbursement until Medicaid receives a letter requesting the psychiatric specialty, with proof of the completed residency enclosed.

PHYSICIAN ASSISTANT CERTIFICATION CRITERIA

Per Section HFS 105.05(2), of the Wisconsin Administrative Code:

“For Medicaid certification, physicians assistant shall be certified and registered pursuant to ss. 448.05 and 448.07, statutes and chapters Med. 8 and 14.”

Information on how to become certified and registered can be obtained from the Wisconsin Medical Examining Board.

Physicians assistants who are granted border status are exempt from the above requirement with the Wisconsin Medical Examining Board, but must be licensed by the appropriate agency in the state in which they practice. Section 105.48, Wisconsin Administrative Code, explains which providers may be granted border status.

Providers with temporary licenses/registrations are eligible for certification; however, certification will be cancelled on the termination date of the license unless the provider submits proof of extended licensure or regular registration to the Wisconsin Medicaid program prior to the date.

Current registration must be verified prior to your certification. You can expedite this process by enclosing a copy of your current registration and by listing your date of birth and social security number on the provider application.

You will be assigned a non-billing performing provider number if you are accepted for Medicaid certification. You may not independently bill Medicaid.

In order to bill for your services, you must be under the supervision of a physician and that physician must bill for your services by using his or her clinic billing number in conjunction with your non-billing performing provider number. No provider who is required to be certified may bill for services under another provider's performing provider number; therefore, your supervising physician may not bill for your services under his or her performing provider number.

CLINIC CERTIFICATION CRITERIA

Clinics requesting certification are subject to the certification requirements in Chapter HFS 105, Wisconsin Administrative Code, applicable to the individual providers within the clinic who provide services for which reimbursement is requested from the Wisconsin Medicaid program. The clinic itself can request and be issued a billing number in order to bill for services performed by two or more like providers, i.e., two physicians or two therapists, but not one physician and one therapist. In addition, a clinic number can be issued to one provider when that provider performs services at two separate locations and, therefore, wants to separate the billings and reimbursements according to the location where services were provided.

Billing numbers are assigned to clinics strictly as an accounting convenience to allow payments for services performed by individual clinic members to be made directly to the clinic. The billing number has no independent payment capabilities. In order for reimbursement to be made to the clinic, the billing number must be used in conjunction with the performing provider number of the individual provider who performed the service.

Make sure each individual group member is certified with the Wisconsin Medicaid program prior to performing services. Wisconsin Medicaid cannot reimburse for services provided prior to certification of the performing provider.

Provider Types: 19, 20, 27, 28, 29, 30, 31,

PHYSICIANS AND PHYSICIAN ASSISTANTS TERMS OF REIMBURSEMENT

The Department will establish maximum allowable fees for all covered physician services. The maximum allowable fees shall be based on various factors including a review of usual and customary charges submitted to the Wisconsin Medicaid Program, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum fees may be adjusted to reflect reimbursement limits or limits on the availability of Federal funding specified in Federal law.

For each covered service, the Department shall pay the lesser of a provider's usual and customary charge or the maximum fee established by the Department.

Physician's assistant must be under physician supervision, consistent with state law and regulations, and must bill under the Medicaid billing number of their supervising physician or clinic. Reimbursement for services provided by a (Medicaid-certified) physician assistant will be made as a percentage of the supervising physician's payment for a specific procedure. Specifically, payment will be made at the lesser of the usual and customary charge or no more than 90 percent of the physician fee for that procedure, except for immunization injection, Healthcheck visits and select diagnostic procedures, which are paid at the physician fee.

Providers are required to bill their usual and customary charges for services provided, that charge being the amount charged by the provider for the same service when provided to non-Medicaid patients. For providers using a sliding fee scale for specific services, usual and customary charge means the median of the individual provider's charge for the service when provided to non-Medicaid patients.

The Department shall adjust payments made to providers to reflect the amounts of any allowable copayments that providers are required to collect pursuant to Chapter 49, Wis. Stats.

Payments for deductibles and coinsurance payable on an assigned Medicare claim shall be made in accordance with Section 49.46(2)(c), Wis. Stats.

In accordance with Federal regulations contained in 42 CFR 447.205, the Department will provide public notice in advance of the effective date of any significant proposed change in its methods and standards for setting payment rates for services.

- The Department will establish maximum allowable fees for all covered services provided to Medicaid recipients eligible on the date of service. The maximum allowable fees shall be based on various factors, including a review of usual and customary charges submitted to Medicaid, the Wisconsin Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.
- For each covered service, the Department shall pay the lesser of a provider's usual and customary charge or the maximum allowable fee established by the Department. Medicaid reimbursement, minus appropriate copayments and payments by other insurers, will be considered to be payment in full.

For crisis intervention services, community support program services and mental health and/or substance abuse outpatient services in the home or community:

- The Department will establish contracted rates for all covered services provided to Medicaid recipients eligible on the date of service. The contracted rates are applicable to all service components provided for certified agencies by providers under contract to that agency. The contracted rates shall be based on various factors, including provider costs submitted to Wisconsin Medicaid, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Contracted rates may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.
- Providers will be reimbursed by Wisconsin Medicaid only for that portion of allowable costs for which federal financial participation is available. The State share will come from non-federal funds or federal funds authorized for use as match to other federal funds available to the agency. The agency will be responsible for maintaining an audit trail to document their contribution of this State share.

For services covered in this reimbursement:

- Providers are required to bill their usual and customary charges for services provided. The usual and customary charge is the amount charged by the provider for the same service when provided to non-Medicaid patients. For providers using a sliding fee scale for specific services, the usual and customary charge is the median of the individual provider's charge for the service when provided to non-Medicaid patients.
- The Department will adjust payments made to providers to reflect the amounts of any allowable copayments which the providers are required to collect pursuant to Chapter 49, Wisconsin Statutes.

DELETION FROM PUBLICATIONS MAILING LIST**

Wisconsin Medicaid requires information to enable Medicaid to certify providers and to authorize and pay for medical services provided to eligible recipients.

Personally identifiable information about Medicaid providers is used for purposes directly related to Medicaid administration such as determining the certification of providers or processing provider claims for reimbursement. Failure to supply the information requested by the form may result in denial of Medicaid payment for the services.

The use of this form is voluntary. However, in order to be certified, you must complete this form and submit it to the address indicated.

INSTRUCTIONS: Any individual provider who does not wish to receive handbooks *Wisconsin Medicaid and BadgerCare Updates*, and bulletins under his or her individual provider number must read the following statement, sign it, and date it. Proxy signatures are not acceptable because the individual provider remains responsible for following Wisconsin Medicaid rules and regulations. Requests to discontinue receiving materials will not be processed without individual provider signatures and dates.

This authorizes Wisconsin Medicaid not to send me the Wisconsin Medicaid publications (e.g., handbooks, *Updates*, and bulletins) under my provider number as indicated below. This authorization will remain in effect until I am recertified as a Medicaid provider (usually a period of three years), at which time I will have another opportunity to elect whether to receive these publications.

This action will not affect my status as a Wisconsin Medicaid provider.

I am aware that I am personally responsible for compliance with all Wisconsin Medicaid billing and policy requirements specified in any publication, regardless of whether I personally receive or review those publications.

I choose not to receive these publications because:

- Another person or entity acts as my agent in billing and other relations with Wisconsin Medicaid.
- I have access to these publications through another source, such as a clinic in which I render services.
